Assignment:

*** HW_02 [Due: 30 Sept 2025]

--- Task 1

Take about five or six lines from your favorite poem, music lyric, prose, or "dicho" and jargonize it. Make the phrases as complicated as possible. In your written document (i.e., your homework paper) you must provide the following:

- i) The original material and its source
- ii) Your jargonized version of the original in both English and Spanish

Standard format applies. We will try to guess the original when you read the jargonized version in class.

--- Task 2

The legal systems of Mexico and of the US are fundamentally different because of their history. That is, Mexico's legal system is structured around civil law, while the US legal system is structured around common law. Explore and document these differences in a report-style entry in your homework. The report should be no less than 750 words, or equal to ~two-page paper. You must provide a Spanish translation of the report. As a first step in your investigation, check out the following links to Cornell Law School's Legal Information Institute:

NB. Marron's modified APA format applies (see Class Materials in Teams). As always, assignments must be printed (i.e., hard copy) and submitted to the instructor on the due date (unless duly noted). Students should save copies of all assignments in PDF format.
