#### Assignment:

\*\*\*HW\_09 [Due: 25 Nov 2025]

--- Task 1

Read/scan the following excerpt from Sir David MacKay's, "Information Theory, Inference, Learning Algorithms," i) MacKay\_Sex.pdf

Do your best to get the gist (main ideas) and write a very brief summary of the excerpt in English.

-- Task 2

In the "real world", large organizations (both public and private) get work done by hiring contractors through an RFP (Request for Proposal) process. Perform the following:

1. Define the term, RFP and very briefly explain why the RFP process is used for hiring contractors.

2. Look at the "Pliego de Requisitos" from the RFP, CFE-0104-CACON-0030-2025 (34 pp.)  
Translate the first three (3) paragraphs from page one (1) of this document into English. These paragraphs are very short; in one case just a single line.

--- Task 3.
